

Virtual Scan Voyager User Guide

Sharing publically how to use the Virtual Scan Voyager Client Interface to request a scan. It's not useful unless an installed customer, but if you are exploring how Virtual Scan can help you, this is how we operate.

Become a customer

It's a process, we can interface with most MRI and CT systems, both Unix and Microsoft systems: Start by contacting us at; <https://www.virtual-scan.com/contact> Login As a customer, you can use your assigned login and password to request a scan at: <https://virtscan.net/scan> In some cases, the system will lauto-recognize the site by IP address and other factors. Each site gets 1 login.

]

The screenshot shows a web browser window with the URL virtscan.net/scan/. The page has a dark sidebar on the left with the Virtual Scan logo, the time 21:39 EST, and a menu with 'Virtual-Scan.com', 'Login', and 'Logout/Clear'. The main content area is titled 'Login' and contains a 'LoginID' input field, a 'Password' input field, and a green 'Verify' button. Below the login fields, there is a note: 'Login credentials are manually assigned by the Virtual-Scan team. There is no password reset method here for security reasons.' Under the heading 'Features:', there is a bulleted list: 'Request a scan:' (with sub-points 'Schedule available techs.' and 'Choose procedure options.') and 'View scan status:' (with sub-points 'Technician that has responded and accepted your scan request.', 'Update scan information, procedure, requirements...', 'Real time chat window between on site and off site technicians.', 'Web based audio/call capabilities.', and 'Reports about scan summaries.').
